## LUXURY OFF THE BEATEN TRACK...

Villa Gella is perched high up in the Rhodope Mountains and bringing chic luxury to Bulgaria. Plovdiv, one of the world's oldest cities with a history spanning 6,000 years is only 90 minutes away.

The villa offers six double en suite bedrooms each with fireplace and stunning mountain views.

Get some exercise in the indoor pool or chill out in their large sitting room and outdoor terrace area. The villa is fully serviced with in-villa manager and chef - a perfect decadent accommodation for those looking for glamour, amazing value and something away from the mundane.

Enjoy a unique and unspoilt culture - discover the history of the Rhodope Mountains, the home of the legendary Orpheus, visit ancient monasteries, churches and exciting cities or explore some of the prehistoric caves in the area where signs of early civilization have been discovered.

Villa Gella is open all year - in summer guests can enjoy walking along the mountain trails, horse riding, climbing to the peaks or biking through the forests; in winter, skiing at

Pamporovo, the nearby premier Bulgarian ski resort, where dozens of kilometres of downhill and cross country tracks attract both beginners and intermediate skiers and snowboarders. You can also experience a real winter wonderland with husky rides through the snowy mountains.
